

3D Modeling Project #21

CHESS

Chess pieces are some of the **most recognizable shapes** in the world.

Before You Start

Go to the **Creative Suite**, open a new **PLaSM project**, and save it as **Project-21** in the folder **course-3D-projects/**.

Project Goal

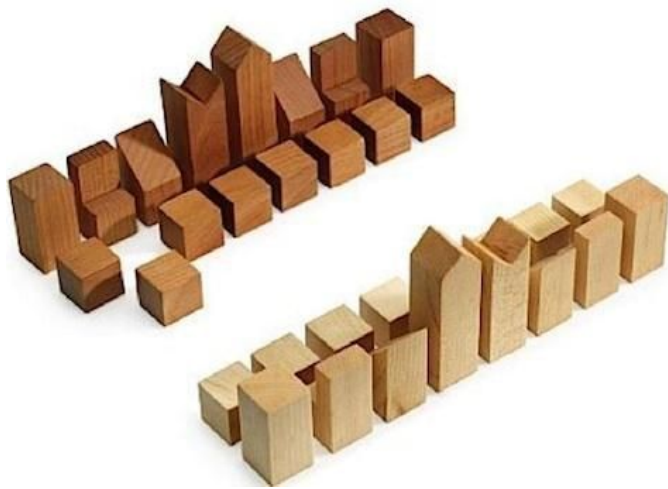

Choose your favorite **chess piece** and **build it!** Make it as realistic as possible. The chess sets have many styles ranging from classical to modern. Spend some time searching the Internet until you find one that you like. Here is a **classical one**:

A **semi-classical** design:

And some **modern designs**. Many more can be found online.

Project Checklist

Your project will be finished when:

1. You have **created** a recognizable chess piece.
2. Your program is saved as **Project-21** in folder **course-3D-projects/**.
